# PEUGEOT 405 T16

Il PEUGEOT 405 T16 è un automodello in scala 1:8 con avviamento a strappo studiato per coloro che si avvicinano per la prima volta all'automodellismo.

L'eliminazione della batteria a 12 volt e dell'avviatore a mano o in cassetta, rendono assai più semplice l'uso del modello. Il kit 4WD fornito come optional permette la trasformazione in quattro ruote motrici. Il nuovo sistema è stato ampiamente collaudato per lungo tempo realizzando anche un motore specifico. Per le sue caratteristiche tecniche, semplicità di montaggio e regolazioni, il PEUGEOT 405 T16 è destinato a diventare il modello degli anni '90.

The PEUGEOT 405 T16 is the model car, 1:8 scale, with pull starter system, mainly suitable for beginners.

The 12 volt big battery & the electric starter are not any more requested, reducing the dependence from heavy & high cost devices. A 4x4 conversion kit from 2WD is available for the best performance of a 4WD. Then new system have been tested for a long time projecting a special engine for this purpose.

PEUGEOT 405 T16 mit Seilzugstarter und 3,5 cm<sup>3</sup> Motor ist das ideale Einsteigermodell im Maßstab 1:8.

Funktioneller, wartungs freundlicher Aufbau und ein ansprechendes Design sind die kennzeichnenden Merkmale. Ein integrierter Seilzugstarter erleichtert das Anlassen enorm und macht einen Elektro-Starter mitsamt Batterie überflüssig.

Der mitgelieferte 3,5 cm<sup>3</sup> Motor ist mit Luftfilter und Schalldämpfer ausgerüstet. Das serienmäßig mit Hinterrad antrieb betriebene Modell kann mit einem 4-WD Umrüstsatz.

**Art. 785000000**
